

PREMIER  
SURGICAL  
INSTITUTE

A PLACE OF HEALING  
and an innovative approach to  
the wellness experience

# WELCOME TO PREMIER SURGICAL INSTITUTE

A WORLD-CLASS PLACE OF HEALING WITH IMPECCABLE STANDARDS OF IN-PATIENT AND OUT-PATIENT SURGICAL CARE, IMAGING, AND OTHER WELLNESS OFFERINGS, ALL FOR BELOW-AVERAGE HOSPITAL PRICING.

Premier Surgical Institute hospital was the inspiration of a group of physicians to create an innovative approach to the wellness experience. With state-of-the-art techniques, equipment, and facilities that far surpass the latest trends in “comforts-of-home” hospital environments, Premier Surgical Institute provides a compassionate health-spa-inspired “escape” for its patients, for a fraction of the cost of traditional hospitals.

From General surgery to Bariatric (Weight Loss) to Urologic to Pain Management to Neck-to-Toe Orthopedic and Sports Medicine and more, Premier Surgical Institute is the hospital of choice for our growing roster of referring physicians and highly trained regional surgeons, which provide a range of surgical and wellness care to our patients.

*“As a nurse and former patient of bariatric surgery, I can attest to, and appreciate, how special and unique a hospital Premier Surgical Institute is. From the moment you walk in the door, you will know you aren’t in a traditional hospital. I received impressive care and pampering like I was on vacation. The facility is designed to provide an experience that promotes comfort and wellness, and without a doubt, quicker recoveries.”*

*Kelly, Bariatric Weight Loss Surgery*

## SPECIALIZED CARE

We are a specialized hospital offering elite service, with no public emergency room or intake of patients with contagious illness or infectious diseases. This means our patients don’t have to share our facility with “general hospital” populations as do traditional hospitals.

## UNCOMPROMISING STANDARDS

Uniquely structured to cater to patient needs, Premier Surgical Institute’s uncompromising standards in providing friendly, consistent, and individualized care ensures the best patient outcomes. With an impressive nurse-to-patient ratio that far exceeds traditional hospital systems, we immediately schedule procedures and surgeries so our patients don’t have to wait to receive the care they need. As part of our overall wellness structure, Premier Surgical Institute’s award-winning Physical Therapists are passionate about working with patients to ensure rapid recoveries.

Our luxurious and welcoming hospital grounds also promote wellness, and feature elements of nature, soothing colors, aroma therapy, comforting fireplaces, courtyards with fountains, and beautiful artwork.

*"This is the only hospital I ever want to go to. There is sincere and excellent personal care, promptness, friendliness, and attention to every need and request made by not only me, but my entire family. All the staff is excellent and truly care – from my surgeon to the X-ray imaging techs to physical therapy to the nurses, one of which even stopped by to see how I was doing on her day off! With the relaxing atmosphere and awesome fresh food that's prepared to order by the Red Onion, Premier Surgical Institute doesn't even feel like a hospital."*

*Teresa, Spine Surgery  
(Lumbar Surgery with Piriformis Release)*

## HOSPITAL STAY OR LUXURY GETAWAY?

Our clean, stylish, and comfortable décor includes pampering design and caring accommodations.

- All patient rooms are private with individual temperature control and feature spa robe, down comforter, throw pillows, satellite TV, and en suite bathroom with granite sink and custom glass bowl.
- Concierge service for patients, families, and their overnight guests – warmed blankets, in-room spa services available, and assistance with accommodations and boarding for pets.
- Delicious menu provided by the onsite restaurant and cafeteria, Red Onion Café Espressoria – from free lattes to fine meals and snacks made to order and delivered “room service” style.
- Premier’s Stained Glass Chapel offers a quiet and comforting atmosphere, and is always open.

*"If the top score were a 10, I would give Premier Surgical Institute a 15. My surgeon bent over backwards to care for me. The whole staff was great. Everything was above and beyond. I am walking around with no pain or limp. People cannot believe how well I am doing."*

*Joseph, Total Hip Replacement*

## PREMIER IMAGING CENTER

WE OFFER NO-WAIT, FULL-SERVICE, STATE-OF-THE-ART DIAGNOSTIC IMAGING WITH PREMIER'S TRADEMARK TRANQUIL SPA-LIKE ENVIRONMENT AND LOW-COST PRICING.

All imaging is performed by our highly trained and friendly, certified imaging staff with more than 10 years of clinical experience each, and whose number one focus is patient comfort. With fast and accurate exams that cover a range of healthcare needs, our results are prompt, and in most cases same-day.

Many patients don't realize that no matter their insurance or hospital system, they can choose to have their imaging at Premier Imaging Center, and need only let their doctor know. Unlike other hospitals in the region with average delays of at least a week, we schedule immediately.

For our Gender Reveal and Vascular Ultrasound Wellness Screenings, no doctor referrals are needed.

Ultrasound | MRI | CT/CAT Scans | Digital X-Ray | Fluoroscopy  
Monday through Friday, 7:00 a.m. to 6:00 p.m.  
Imaging Center | 620.783.4633

*"I was so excited when I learned I could get my imaging at Premier's Imaging Center. Everyone was incredibly nice and helpful. They scheduled me the same day I called and were amazing about making sure my doctor got my results right away. And then, when I learned I paid less for my MRI than I would have at my regular hospital, I was blown away."*

*Danny*

State Line Rd

JOPLIN

West 7<sup>TH</sup>

Schiffedecker

**Just minutes from downtown Joplin, past the Missouri state line.**  
Honored to serve patients from the Four State Region, as well as those  
traveling to us from around the nation and the world.

You can let your doctor know you would like to come to Premier, or inquire with us about our providers and referring physicians, as well as our other wellness offerings that do not require a doctor referral.

We work closely with Medicare, all the top local and national insurance plans, and directly with patients. We encourage patients to call with questions so we can help you navigate the complex insurance system and tell you about the deeper cost savings we offer through our Global Cash Pricing.
